

SIDLEY LONDON REVOLUTION 2022

16 WEEK TRAINING PLAN

Brought to you by:
THRESHOLD/
MORE IS IN YOU™

INTRODUCTION GLOSSARY

RULES AND DRILLS FOR YOUR TRAINING

TERM	DEFINITION
Cadence	<p>Cadence is the number of revolutions of the crank per minute or the rate at which you pedal/ turn the pedals.</p> <p>Cadence is similar to wheel speed, but is a distinct measurement. Certain bike computers are able to measure cadence.</p> <p>If you don't have one, count your pedal strokes for 15 seconds and multiply by 4!</p>
RPM	Pedal revolutions per min.
Tempo session	<p>20 minutes warm up at a steady pace @ 90-95rpm / 5 minutes brisk @ 110rpm</p> <p>10 minutes easy @ 80rpm / 5 minutes brisk @ 110rpm</p> <p>20 minute warm down to a steady pace of 90rpm</p>
Interval session	<p>1 hour 30 mins</p> <p>30 min warm up / 6 x 1min effort in hard gear (50-60rpm) / 1 min rest after each effort / 5 min rest between sets. Repeat set twice</p>
Mid intensity	Increase average RPM and add a few efforts

INTRODUCTION

TRAINING TOP TIPS

The secret to your success at Sidley London Revolution will be maintaining a constant pace. A solid base and foundation laid down now with steady rides, will provide the relevant platform to introduce more specific workouts nearer to the event, to build strength and speed.

Add variety to your plan

Slogging out miles during dark winter evenings might not be your 'cup of tea', so introduce alternatives to develop an aerobic base fitness such as spinning, cross training, swimming or running.

Be smart with your training time

We do not want training to become a chore and/or take over your life. Equally you need to give it some respect.

Use opportunities such as lunchtimes and weekends.

It is far better to train little and often than to save it all up for one big blast at the weekend.

Ride with others

Making a commitment to attend a session helps to keep motivation high (and helps you do it!). Ensure you ride with a group of similar ability riders.

Stretch, stretch & stretch

In tandem with your cycling sessions, keep up a stretching regime and honour yourself with recovery time, as this is when the adaptations will take place – reaping the rewards of all your hard work.

Always take a rain jacket

You never know with the good old British weather!

Don't play 'catch up'

If for any reason you have had to miss training through work or family commitments, or even illness, then resist the urge to play catch up. This could have a negative effect and you will potentially over-train, thus lowering your immune system making you even more susceptible to colds and viruses.

You are what you eat

Ensure you are eating a healthy balanced diet and ensure you train with the same sports nutrition that you will use on the Event.

THE PLAN BLOCK 1

WEEK	MON	TUES	WED	THUR	FRI	SAT	SUN	✓
1	CYCLE 1 hour	REST	CYCLE 1 hour	REST	REST	CYCLE 1 hour Intervals	CYCLE 1 hour	
2	REST	CYCLE 1 hour	REST	CYCLE 1 hour Tempo	REST	CYCLE 1 hour Tempo	CYCLE 1 hour 30	
3	STRETCH 30 mins	CYCLE 1 hour	REST	CYCLE 1 hour Tempo	REST	CYCLE 1- 1:30 hour	CYCLE 1- 1:30 hour	
4	STRETCH 30 mins	CYCLE 1 hour	REST	CYCLE 1 hour	REST	CYCLE 1- 1:30 hour	CYCLE 2 hours	

THINGS TO THINK ABOUT

WEEK	
1	During your rides try not to push yourself above 90-95 RPM. Relax and try to enjoy your first week, concentrate on your cadence. Towards the end of the week try to inject a few harder efforts to gauge levels of exertion...
2	Make sure to check your bike at the beginning of each week to ensure it is safe to ride. Week 2 will be focusing on increasing the intensity level slightly. Introducing a few more efforts to start increasing your aerobic fitness.
3	After upping the mileage at the weekend, make sure you use the start off the week to stretch and look after your muscles. This will help to prevent any injuries. Also, this is a gentler week so make sure the one tempo session you have, you make the most of! Don't get into a habit of missing sessions!
4	This is another low intensity week however towards the end, make sure you increase the mileage. These can sometimes be boring, so take a friend and make a real trip out of it!

THE PLAN BLOCK 2

WEEK	MON	TUES	WED	THUR	FRI	SAT	SUN	✓
5	REST	CYCLE 1 hour	REST	REST	REST	CYCLE 1 hour Intervals	CYCLE 1 hour	
6	CROSS TRAIN 30 mins- 1 hour Swim/Run	CYCLE 1 hour	REST	CYCLE 1 hour Tempo	REST	CYCLE 1 hour	CYCLE 1 hour 30	
7	REST	CYCLE 1 hour	REST	CYCLE 1 hour Tempo	REST	CYCLE 1- 1:30 hour	CYCLE 1:30- 2 hours	
8	STRETCH 30 mins	CYCLE 1 hour	REST	CYCLE 1 hour	REST	CYCLE 1- 1:30 hour	CYCLE 2 hours	

THINGS TO THINK ABOUT

WEEK	
5	This is your recovery week, use the three days off to replenish and relax. Maintain stretching and ensure you are drinking and eating on the slightly longer rides you have.
6	During your tempo session ensure you concentrate on cadence and make the brisk riding a constant effort to develop performance. On the longer rides, settle into a consistent rhythm.
7	During your tempo session ensure you concentrate on cadence and make the brisk riding a constant effort to develop performance. On the longer rides, settle into a consistent rhythm.
8	Recovery week, keep up the stretching, yoga or Pilates in front of the TV is perfect!

THE PLAN BLOCK 3

WEEK	MON	TUES	WED	THUR	FRI	SAT	SUN	✓
9	REST	CYCLE 1 hour	REST	CYCLE 1 hour Tempo	REST	CYCLE 2 hours Mid Intensity	CYCLE 2 - 2:30 hour	
10	REST	CYCLE 1 hour 30	REST	CYCLE 1 hour Tempo	REST	CYCLE 2 hours Mid Intensity	CYCLE 2 - 2:30 hour	
11	STRETCH 30 mins	CYCLE 1 hour	REST	Cycling 1 hour 30 Intervals	REST	CYCLE 2 – 2:30 hour Mid intensity	CYCLE 3 hour	
12	STRETCH 30 mins	CYCLE 1-1:30 hour	REST	CYCLING 1-1 hour 30	REST	REST	CYCLE 2 - 2:30 hour	

THINGS TO THINK ABOUT

WEEK	
9	Practice nutritional strategies and find out what works best for you on the bike. This weeks tempo session is at a higher intensity, make sure you monitor your RPM.
10	This week the intensity is increasing as well as the miles, so make sure you are replenishing yourself after each ride!
11	Try and think about gear choice and don't be tempted to try and push too big a gear. Maintain a cadence of 90-100 RPM on your steady paced rides. Make sure you do increase your work effort on the high intensity days. This will increase aerobic fitness and massively, focus on a faster leg turnover.
12	Identify a longer route! Towards the end of the week you want to be covering a lot of miles, so pre-plan your route!

THE PLAN

BLOCK 4

WEEK	MON	TUES	WED	THUR	FRI	SAT	SUN	✓
13	BIKE CHECK Wash & check parts	CYCLE 1-1 hour 30 Mid intensity	REST	CYCLE 1 hour 30 Intervals	REST	CYCLE 2 hours	CYCLE 4 hours	
14	REST	CYCLE 1-1 hour 30	REST	CYCLE 1 Intervals	REST	CYCLE 3 hours	CYCLE 4 hours	
15	STRETCH 30 mins Muscle recovery	CYCLE 1 hour	REST	CYCLE 1 hour 30 Intervals	REST	CYCLE 3 hours	CYCLE 4 hours	
16	REST	CYCLE 1 hour 30 Mid intensity	REST	CYCLE 1 hour 30 Mid intensity	REST	SIDLEY LONDON REVOLUTION		

THINGS TO THINK ABOUT

WEEK	
13	Group riding will help alleviate the monotony of going out on your own. Make sure the riders are of a similar ability or training will be compromised.
14	Try and practice using different sports nutrition during the longer rides to determine what works for you. Keep up the high intensity!
15	This is the final week to really push yourself on the high intensity session. Make all the hard work worth while and try to hit your peak RPM's on the intervals.
16	All the hard work is done now. No extra sessions will benefit you, stick to the plan! Two ride this week is more than enough, make sure to cycle at a mid intensity. You don't want your body to be too relaxed going into the race! Also, each meal this week is vital, don't over carb load, but make sure you are eating enough for the tough weekend ahead.
